THE SILENCE BETWEEN THE BRIDGES

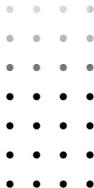

There is a moment when the place we are in no longer serves us.
Something breaks within, urging us forward.

Trust is invisible.
It is walking without seeing the ground take form.
It is leaning on what has not yet arrived.
It is being a structure of faith on the inside.
And living courage, on the outside.

DESIGN THAT TOUCHES YOUR HEART..

Each piece is an invitation to reflect on the delicate dance between the weight of experiences and the lightness of growth.

These frames invite your fingertips to explore, while the shapes awaken your imagination.

DESIGN
THAT
CHANGE
YOUR FEELING..

CRAFT THAT RESONATES WITHIN

Don't get lost when entering my personal labyrinth.

I search for meaning.
only in what makes sense for the path i choose to walk.

Between the dance of the waves and the sway of the sea,
i become a mermaid i become the sea.
